

Music Director annual report, 2017-2018

The music program continues to provide weekly choral music during services, with weekly rehearsals for the choir that have been medium- to well-attended. Occasional guest singers are hired to enhance the sound and provide musical leadership to the volunteer singers.

The choral selections have reflected the diversity of religious views at UUCSC by drawing from a wide array of faiths, including pieces from the traditions of Christianity, Judaism, UU-ism, humanism, atheism, as well as secular pieces from a variety of genres. The choir has learned pieces in English, German, French, Latin, Zulu, Chinyanja, and likely a few others I've missed.

Major events for the year include the Christmas Eve service, and the May 26 fundraiser featuring the professional men's ensemble from Boston, Renaissance Men.

Respectfully,

Mike Galib
