

May 2021
FA Report to the Board

Dear Board members,

I am so glad that some plans are in the works to do some in person outdoor activities. I am sure everyone is excited about this.

In May, I started checking the mail twice a week which does add a little more time to my work. Luckily it has been a little slower for me and I even had some time to catch up on some filing. It was actually really good that Aline asked me to check the mail more often since there has been lots of mail in the past few weeks. Many pledge cards being returned, lots of payments for the auction, pledges which included this year and next year and many other payments. I feel bad for Jeff, he must be super busy having to keep track of all of this.

I have been working with Mary Alice to make sure all of the PayPal transactions were recorded correctly. She is actually doing most of the work and auditing all of the transactions. We have had problems with the UUA billing since January and it finally looks like it is correct after many phone calls and emails.

The engraved leaves for the Tree of Life were just received last Friday and they are on the desk in the office.

I am still not receiving many requests to add items to the calendar, so I am reading the newsletter every week and adding any events listed in the newsletter to the calendar. This works out ok, but many times there is not much advance notice of events. If anyone has suggestions on how I could be notified sooner, it would be greatly appreciated.

Regards,
Sue
